SECRETARY NEWS

Hello Everyone!

I hope you all have had a great start to the spring season. It has been a wet one for most of the state it seems like which we will take whatever we can get. Sales have been very high this year so far which is great for everyone. Juniors are gearing up for the state show this year which has been moved. Hutchinson has treated us well over the past few years, but they decided it was time to move on and try moving around again like they used to. We look forward to seeing everyone and we hope most of you can make it to the show for our state meeting afterwards. Dues were sent out so if you have not got those sent back please do. Mail has not been our friend and so I know some of them took a lot longer to get to you then it should of. Do not worry about it being late.

Thanks!

Megan Larson
